

EFFECT MICROTECH CS

STATUTORY CONDITIONS OF APPROVAL RELATING TO USE.

FOR USE ONLY AS AN INSECTICIDE.

FOR USE ONLY BY PROFESSIONAL OPERATORS.

Application rate:

large infestation: • non-porous surfaces (wood, glass, ceramics): dilute 100 mL of Effect Microtech CS into 5 L of water. The solution is appropriate for use on 100 m² of surface. • porous surfaces (concrete surface): dilute 125 mL of Effect Microtech CS into 5 L of water. The solution is appropriate for use on 100 m² of surface.

small infestation: • non-porous surfaces (wood, glass, ceramics): dilute 25 mL of Effect Microtech CS into 5 L of water. The solution is appropriate for use on 100 m² of surface.

Users must comply in full with all their legal responsibilities under the Control of Pesticides Regulations 1986 (as amended), including complying with all Conditions of Approval.

READ ALL PRECAUTIONS BEFORE USE.

HSE No.: 9401

Insecticide for professional use against crawling insects such as cockroaches (*Blatella germanica*, *Blatta orientalis*) and ants (*Lasius niger*) indoors and outdoors.

Contains: tetramethrin 4 % w/w, permethrin 8% w/w and PBO 8% w/w

Formulation: Microencapsulated concentrate (CS).

Harmful by inhalation and if swallowed. May cause sensitisation by skin contact. Very toxic to aquatic organisms, may cause long-term adverse effects in the aquatic environment.

To avoid risks to man and the environment, comply with the instructions for use.

*The COSHH (Control of Substances Hazardous to Health) Regulations 2002 may apply to the use of this product at work. *Avoid excessive contamination of coverfalls. *Do not contaminate foodstuffs, eating utensils or food contact surfaces. *This material and its container must be disposed of in a safe way. *Wash hands and exposed skin before meals and after use. *Keep in a safe place. *Keep out of reach of children. *If swallowed, seek medical advice immediately and show this container or label. *Wear suitable protective gloves. *Avoid contact with skin. *Do not empty into drains. *Remove or cover all fish tanks and bowls before application. *Unprotected persons and animals should be kept away from treated areas until surfaces are dry. *Cover all water storage tanks before application. *Hazardous to bees. *All bats are protected under the Wildlife and Countryside Act 1981. Before treating any structure used by bats, consult Natural England, Scottish Natural Heritage of the Countryside Council for Wales. *Do not apply to clothing and bedding.

DIRECTION FOR USE: Insecticide for professional use against crawling insects such as cockroaches (*Blatella germanica*, *Blatta orientalis*) and ants (*Lasius niger*) by application to cracks, crevices, porous surfaces (e.g. concrete) and non-porous surfaces (e.g. wood, glass, ceramics), and can be used in private as well as public areas, transport vehicles, waste storage containers, animal transport vehicles and their living quarters, in industrial food storages and storage compartments and in the buildings' surrounding area. Efficiency is achieved within 48 hours. The product is indented for use immediately after preparation. Shake product before use.

Spray on insect-infested areas, in wall cracks, on wall edges, and in all hidden places. After use avoid the treated surfaces.

STORAGE: Store in dry cool conditions. Keep away from food, drink and animal feeding stuffs. Keep in original container (PE).

When stored in a dry place at ambient temperature Effect Microtech CS has a **shelf life** of 2 years.

Date of production, date of expiry and batch no. are printed on the packing.
