MOBe[®] Ant Stations 15 x 1.4 g
 Authorisation number: GB-2016-1043-0003
 A ready to use insecticidal gel bait station for the control of ants both indoors and outdoors.

TARGET SPECIES: Tropical ants, Argentine ants, *Lasius niger* (black ant), Eggs; larvae; nymphs; pupae and adults.

CONTAINS: Imidacloprid 0.01%, Excipients 100% cps, the product contains a bittering agent.

APPLICATION DOSES AND MODE OF USE: Pre-filled bait stations to be placed in/alongside foraging trails.

Indoor application: 1 station /4m²

Outdoor application: 1 station /6m along building perimeter without replacing opened bait trays or unconsumed baits. Maximum of 12 applications per year.

APPLICATION: Each station should be placed along/in the path of an established foraging trail at the recommended rate. Push tabs outwards to expose bait. To ensure that pets or other animals do not gain access, a heavy object such as a stone may be placed on top of the station. Once the infestation has been controlled and ants are no longer seen, the opened stations should be removed and disposed of in accordance with local guidelines.

RISK MITIGATION MEASURES AND RESISTANCE
 Avoid contact with skin/eyes. Do not ingest. Ingestion may damage health. Keep away from food, drink and animal feed. Do not contaminate food, feed, eating utensils or food preparation surfaces. Keep out from reach of children and pets. Avoid release to the environment. The outdoor application should only be conducted on paved surfaces (do not apply on bare soil). Remove bait trays when treatment is completed.

PRECAUTIONS: Before treatment, remove all sources of food for ants (Waste, food scraps) from the infested area to encourage the ingestion of the gel. Where ants are present indoors, place the stations near ant trails, points of entry and their nests. Where ants are present outdoors, place the stations near the ant nests or trails. Where presence of ants is only suspected or detected sporadically, it is recommended to monitor the station periodically for signs of activity. Check for ants near the station and in line with any relevant laws and regulations. The manufacturer guarantees the quality of its products sold in their original packaging.

DISCLAIMER: Always follow all instructions and precautions on the packaging. The treatment should be performed according to good practice and in line with any relevant laws and regulations. The manufacturer guarantees the quality of its products sold in their original packaging.

USE INSECTICIDES WITH CAUTION, ALWAYS READ THE LABEL BEFORE USE. USE BY GENERAL PUBLIC.

Authorisation holder: Sharda Agrochem Limited, 201 Cranvates House, 5-9 Headstone Road, Harrow, Middlesex, United Kingdom, HA1 1PB.

HEALTH, SAFETY & ENVIRONMENTAL INFORMATION

Toxic to aquatic life with long lasting effects. If medical advice is needed, have product container or label at hand. Keep out of reach of children. Read label before use. Avoid release to the environment. Collect spillage. Dispose of contents/container in accordance with local/national/international regulations.
