

Wasp Bag and Bait Instructions for usage

1. Unscrew yellow cap.
2. Pour liquid bait into the bag, up to the fill level line. Do not reseal yellow cap.
3. Ensure that any spillages of liquid bait are cleaned up thoroughly using a disposable cloth.

4. Hang using the wire included with your trap away from occupied areas in order to catch the wasps as they arrive.
5. Once the trap is full, close the yellow cap and dispose of in normal waste.
