

ANTI RODENT SPRAY

LodiUK

PROTECTS

UP TO
6 MONTHS
PROTECTION

SPECIALISED SPRAY TO PROTECT ELECTRICAL CABLING AND INSULATION MATERIALS FROM RODENT ATTACK FOR UP TO 6 MONTHS

Lodi Anti Rodent Spray contains a specially formulated vaporised solution that once sprayed forms a protective film. Simply spray onto the surface of the material to be treated and rodents will no longer chew or bite into the treated area. An ideal product for domestic and commercial properties as well as farm machinery where rodents might bite through cabling.

- **LONG LASTING PROTECTION OF UP TO 6 MONTHS**
- **COLOURLESS**
- **EASY TO USE APPLICATION**

INSTRUCTIONS FOR USE

- Ensure power is switched off before application to cables
- Shake before use
- Spray directly onto surfaces
- Once dry the surfaces are covered with a protective film
- Repeat every 6 months or more frequently if the area is covered in dirt or dust
- Do not spray on tensioned cables
- Spray away from all operating electrical devices

ANTI RODENT SPRAY
