

Technical Specification

Netting Repair Clips 50mm Stainless Steel

SKU: NF259

Product Description

These 50mm stainless steel clips are the go-to solution for fixing or modifying bird control netting. Whether you're patching damage or creating access points for lighting, pumps, or maintenance, they deliver a strong, corrosion-resistant hold that stands up to the elements. Compatible with standard netting systems and easy to apply with hog ring pliers, they're a must-have for efficient, professional installs
