

Technical Specifications

SKU: NF168 / NF169 / NF170 / NF171 /NF334

Product Name: Hammer On Beam Clips - Galvanised

D (mm)	6.5
a (mm)	2-3 / 3-8 / 8-14 / 14-20 / 21-28
h (mm)	37/ 39 / 41 / 47/ 56
w (mm)	30
Material	Spring Steel (type CS70)
Finish	Galvanise: Delta-Tone 900 (480 Hours)

Beam clip intermediate netting fixing for structural steel
 Holds perimeter net wire rope to steelwork flanges, on C, H and L-section steel beams.
 Also suitable for securing to roof tiles as an alternative to drilling tiles, slate brackets or surface mount fixing
 To fit flange sizes between 2mm-30mm
 Available in packs of 10, 100 and 1000
 Ideal for netting industrial buildings, underground car parks and HVAC roof pens etc
