

## Technical Specifications

SKU: NF345 / NF344 / NF329 / NF343 / NF348

Product Name: Unistrut 41mm x 41mm Slotted Channel

Dimensions (WxH)	41mm x 41mm (2.5mm thickness)
Dimensions (L)	0.5m / 1.0m / 1.5m / 2.0m / 3.0m
Details	Rolled C Channel (not bent)
	14mm x 28mm slots at 50mm intervals
Weight (kg)	1.25 / 2.5 / 3.75 / 5.0 / 6.25
Material	Hot Dipped Galvanised Steel

All specification details have a tolerance of +/- 10%

Used as a light duty support for bird control netting installations at 5-10 metre intervals depending on mesh size / weight / wind loading of netting being installed.

When used in conjunction with Non Piercing Rubber Roof Mounts, installer must ensure the mount is counter-tensioned using guy wires and is not used as a free-standing mount. Max length recommended for bird netting elevations is 2m.
